MEMORANDUM FOR : (Lt. Col. Raymond? Col. Lawson?)

The Pentagon

FROM : SA/OPS/DDS&T/CIA STAT

SUBJECT : Request for Records - Freedom of In-
formation Act (Case #81796)

REFERENCE : Attached Correspondence re: STAT

As the OPR for those portions of the ATTACHMENT to Testor letter of 7 October, 1981 to USAF Freedom of Information Office, namely questions 4, 5, and 6 in whole, this Agency can see no objection to the release of the items requested, should they at this late date be available.

On those portions of questions 1, 2 and 3 as they apply to the A-12 aircraft and the GTD-21B drone only, we have no substantive objection to the release of the material, if available.

We consider questions 7, 8 and 9 to be the exclusive province of USAF.

Our position above is taken with the understanding that this Agency does not possess the requested items, and that if the requestor wishes to obtain them direct from Lockheed Aircraft Corporation after receiving concurrence/approval from USAF, he do so at his own expense and that Lockheed bill him directly for whatever drawings are furnished. We should also want to make sure that LAC not surrender their original drawings in fulfilling this request, since we assume there may be other FOIA cases dealing with the same subject matter.
